inpro®

the story

Maryland Oncology Hematology has expanded its presence with the opening of a new location in Largo, Maryland. This state-of-the-art facility was thoughtfully designed to provide exceptional cancer care in a modern, patient-centered environment. The focus was on creating a durable, functional space that prioritizes both the needs of patients and staff while maintaining a welcoming and professional aesthetic. In collaboration with Inpro, a range of innovative solutions were incorporated to ensure the space could withstand the demands of daily use while delivering a cohesive and appealing design.

the project

Architect Firm: Hord Coplan Macht Architects
Contractor: Deerfield Construction Group

Inpro® Products Used

An array of products were installed, including:

Door and Wall Protection

[VIEW PRODUCTS](#)

Palladium® Rigid Sheet

130 Surface Mount Corner Guard - *Serenity*

150 Surface Mount Corner Guard - *White Sand*

160 Surface Mount Corner Guard - *White Sand*

1400 Wall Guard - *White Sand*

the **results**

Inpro's products played a key role in elevating the facility's design and durability. Palladium® Rigid Sheet provided sleek, impact-resistant wall protection, while Surface Mount Corner Guards in Serenity and White Sand reinforced vulnerable edges with a cohesive, calming look. 1400 Wall Guards added an extra layer of defense in high-traffic areas, helping reduce long-term maintenance. Together, these solutions created a clean, resilient environment that aligns with Maryland Oncology Hematology's commitment to patient-centered care.

obsessed with protecting buildings®

How they look. How they function.
And how they protect the health and safety
of the people who use them every day.

That's why we make hundreds of architectural
products all under one roof and work tirelessly to
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't
have it any other way.
