## Project Profile

Architect: arcDesign  
Indianapolis, Ind.

Contractor: Kettlehut Construction  
Lafayette, Ind.

## The Project

The Earhart Hall renovation was the sixth phase of nine residence hall renovations. This phase completed the reconfiguration and renovation of 7,072 gross sq. ft. of community bathrooms on floors 1 to 8 of the west tower in Earhart Residence Hall. The work replaced the original, aging plumbing infrastructure, and the restrooms were reconfigured to provide ADA accessibility, greater privacy, and an updated appearance.

## Inpro® Products Used

### Washroom Systems

- VIEW PRODUCTS
- Solid Surface Decorative Wall Panels

  - Solid Surface Trim, including Inside Corner Wedge and Outside L Shaped Corner

## **obsessed with protecting buildings®**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
