## Project Profile

Architect: Goetsch Partners  
Chicago, IL

Interior Designer: Simeone Deary  
Chicago, IL

Contractor: Norman Mechanical  
Chicago, IL

### The Project

The historic 23-story London Guarantee & Accident Building was completely gutted then rebuilt to house the LondonHouse Hotel, part of the Curio Collection by Hilton, featuring 452 guest rooms, and 21,000 square feet of retail space.

### Inpro® Products Used

A variety of standard and ADA-compliant ramped shower bases were installed in all 452 guest rooms. One advantage of our bases is that the drain location can be replaced in virtually any location to accommodate existing plumbing.

### Washroom Systems

Standard solid surface shower bases and ADA-Compliant ramped shower bases

## **obsessed with protecting buildings®**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
