## Project Profile

Architect: Isgenuity LLC  
Boston, Massachusetts

Contractor: Skanska  
Boston, Massachusetts

Installer: Bay State Bldg. Specialties  
Braintree, Massachusetts

## The Project

A new 8-story, 182,000 sq. ft. ambulatory clinical care building located in the Boston suburb of Brookline. The center focuses on research and treatment of children's neurodevelopmental and neuropsychiatric conditions. The LEED® Certified project received the 2021 Center for Health Design Environmental Award.

## How Isgenuity approached the work

"To serve this unique population, the project choreographs a uniquely engaging yet calm, comfortable, and safe experience. The facility's wayfinding, graphics, and design theme 'The Amazing You' celebrates the capacity of our brains to wonder, discover, explore, and imagine, surpassing limitations of the body."

The design responds directly to research about the autism spectrum. Walls and ceilings were activated to encourage eyes to stay up and engaged while a network of quiet and safe spaces was carved out for those moments when overstimulation proves challenging."

## Inpro® Products Used

### Aspex® Printed Wall Protection

[VIEW PRODUCT](#)

Extensive installation of Aspex® Printed Wall Protection panels throughout the facility, to achieve the architects' vision for spaces that are "... uplifting, whimsical, and designed with neurodiversity in mind."

To protect additional surfaces in the facility, the following Interior Protection products were installed, all in the Feather color:

### Door + Wall Protection

- Model 1600 Wall Guards
- Model 160 Surface Mount Corner Guards
- Model 130 Surface Mount Corner Guards
- Palladium® Rigid Sheet

## **obsessed with protecting buildings®**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
