Project Profile

Owner & Project Manager: Drury Development Corp.
Creve Coeur, MO

The Project

Renovation of the elevator cabs as part of a \$2M renovation of the historic Witte Hardware Building on Laclede's Landing in St. Louis. From 1849-1975 the building housed a wholesale hardware business, and was then converted to mixed-use office and restaurant space. The new renovations include a total makeover of the main common areas, modernization of the elevators, upgraded conference rooms and new restrooms, as well as new carpet and furnishings.

Inpro® Products Used

- Hercules™ Standard Cab Design
- Elevator Wall Panels in Trestle Nut
- Handrails in Brushed Bronze
- Trim and all other metals in Muntz Bronze
