Contractor: Bouma Corporation

Grand Rapids

## The Project

A \$35.5M renovation and expansion of an existing OR suite that had to be translated into state-of-the-art facilities. The project entailed replacing all 13 operating rooms in the main hospital and constructing shell space for 3 more ORs. Total area of the renovated and newly constructed space was 87,000 sq. ft., and also included 43 pre/post-op rooms and 18 post-anesthesia care unit bays.

## **obsessed with protecting buildings<sup>®</sup>**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
