# the story

Nestled in the vibrant community of Beachwood, Ohio, the UH Ahuja Medical Center stands as a beacon of healthcare excellence in the region. With a commitment to providing cutting-edge medical care and a comfortable healing environment, the medical center embarked on a journey to upgrade its facilities and enhance patient experiences. Recognizing the need to safeguard its buildings while improving the overall patient space, UH Ahuja Medical Center sought out innovative solutions to bring their vision to life. Leveraging Inpro's expertise in protective building materials and interior solutions, the medical center embarked on a comprehensive renovation project that would not only modernize its facilities but also elevate the patient experience to new heights.

# the results

With the installation of Inpro's comprehensive range of architectural solutions, the transformation of UH Ahuja Medical Center is remarkable. The Apex Printed Wall Protection murals provide a layer of defense for the building and serve as captivating works of art, creating a welcoming and visually engaging environment for patients and staff. From the high-impact corner guards to the meticulously crafted handrails and privacy systems, every element contributes to the enhanced safety, functionality, and aesthetic appeal of the medical center. Due to Inpro's expertise and dedication to quality, UH Ahuja Medical Center now boasts modernized facilities that meet healthcare delivery demands and elevate the overall patient experience.

## **obsessed with protecting buildings®**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
