Contractor: Welty
Columbus, Ohio

Installer: Martin Painting
Columbus, Ohio

The Project

A \$30 million, 85,000 sq. ft. 3- story addition to the Fairfield Riverview Surgery Center. The new Medical Wellness Center features an expanded emergency room capacity and full-service imaging. In addition, the facility includes a dedicated women's center, physical therapy, rehabilitation therapy, orthopedics office, community space and a wellness and fitness facility. A new fitness center features a warm-water therapy pool, steam and sauna, walking track, free weights and extended hours for membership use.
