Palladium® Rigid Sheet

# the **results**

---

Inpro's Commercial Window Treatments and Door and Wall Protection helped to accommodate a comforting interior for patients and staff as they work, heal and recover. Throughout the lobby, the dialysis spaces and conference rooms, our goal was to help contribute to a safe space that would protect the building and the people inside.

## obsessed with protecting buildings®

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
