## Project Profile

Architect: Olson Kundig  
Seattle, Washington

Contractor: JTM Construction  
Tacoma, Washington

Installer: Icon Specialty Contractors  
Bellevue, Washington

### The Project

The new Benaroya Wing is a \$14 million, 6,860 sq. ft. addition expanding the Tacoma Art Museum's total square footage to 80,000. According to Olson Kundig: "... the [new] Wing balances opacity and transparency to provide optimal viewing conditions for more than 350 works of glass art, paintings and sculpture from the Benaroya Collection."

### Inpro® Products Used
