# the **story**

Caring Heights Community Care & Rehab Center specializes in creating a home-like atmosphere beyond the challenges that traditional long-term care communities typically face. Their focus is to get residents home as quickly and safely as possible. Plants, pets and more are all part of seniors' daily living environment, requiring the facility to consider those variables and how they are impacted by the building's renovation. Similarly to Caring Heights Community caring about protecting their patients, Inpro cares about protecting buildings and the people inside them.

# the project

Installer: Caring Heights staff

## Inpro® Products Used

### Door + Wall Protection

[VIEW PRODUCTS](#) Palladium® Wall Panels  
Corner Guards  
Chair Rails

### Commercial Window Treatments

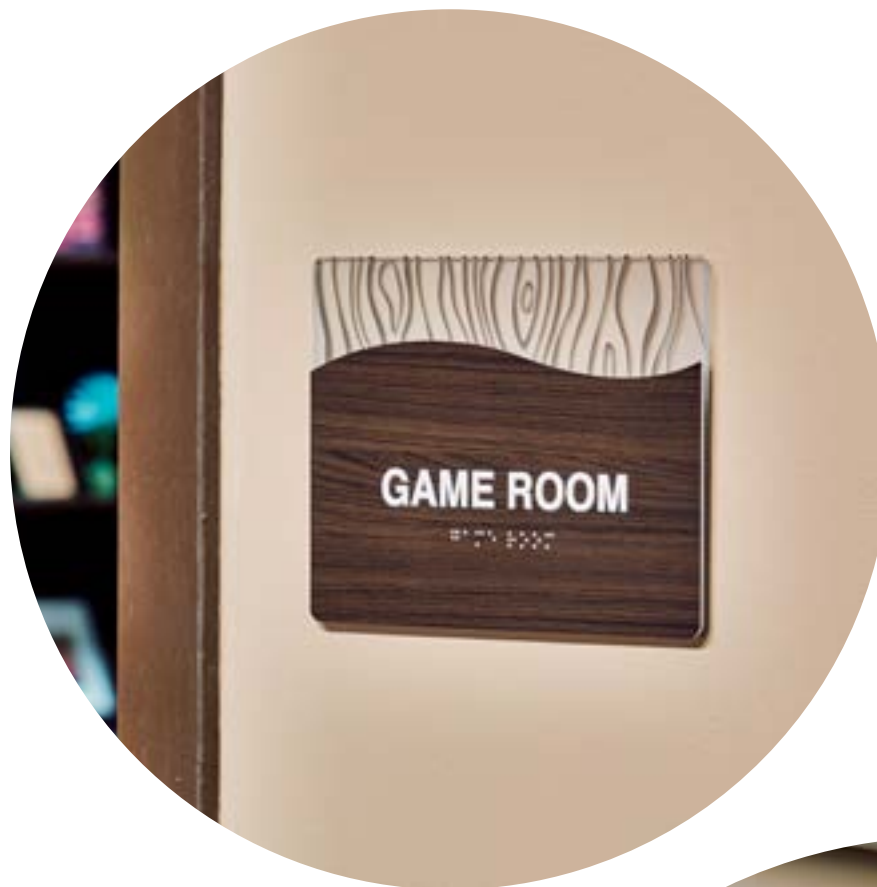

[VIEW PRODUCTS](#) Solar Shades

### Cubical Curtains + Track

[VIEW PRODUCTS](#) Cubicle Curtains

### Architectural Signage

[VIEW PRODUCTS](#) Interior Signage

# the **results**

Inpro was able to serve the skilled nursing facility with a variety of products that helped to create a safe environment in their resident rooms, dining area, corridors and the front lobby. The products that Inpro provided matched the safe and quality environment that the staff at Caring Heights Community administers.

## obsessed with protecting buildings®

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
