## Project Profile

Architect: Harold C. Baker, AIA  
Worthington, Ohio

Contractor: Vendramini Construction  
Chesterton, Indiana

## The Project

A new franchise location for Town Square – an innovative alternative to standard adult day care options.

In a nostalgic approach reminiscent of the 1950s, activity rooms, called storefronts, help put members at ease and encourage recalling the past by utilizing vintage design elements and décor. Each storefront has been meticulously designed to create an immersive, nostalgic environment where memories come to the forefront and members are inspired to share stories with their peers.

## Inpro® Products Used

## **obsessed with protecting buildings®**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
