## Project Profile

Architect: HDR  
Contractor: Hourigan Construction  
Richmond, Virginia  
Installer: Southeastern Distributors  
Richmond, Virginia

## The Project

This new 17-story, 615,000 sq. ft. \$384M pavilion is the downtown flagship for Virginia Commonwealth University Health Services. It consolidates 26 outpatient specialties, including the Massey Cancer Center, Imaging, Ambulatory Care Services, and the Nelson Clinic. VCUHS anticipates serving about 200,000 patients annually at the Pavilion, which was designed and constructed to meet the LEED® Silver Certification.

## HDR's Interior Design Intent

Materials, colors and art throughout the facility were selected to surround patients in a healing, calm space reflective of the character and charm of Virginia. Waiting rooms are filled with natural light from floor-to-ceiling windows. Original artwork and photography of natural scenes throughout Virginia span the walls. Ceilings at Imaging and Diagnostics feature starry skies, sunlit cherry blossom trees and fluffy white clouds, while views in every direction enhance the healing and therapeutic environment.

## Inpro® Products Used

### Door + Wall Protection

Aspex® Printed Wall Protection  
in the Pocket Park Café  
and elevator lobbies.

## **obsessed with protecting buildings®**

How they look. How they function.  
And how they protect the health and safety  
of the people who use them every day.

That's why we make hundreds of architectural  
products all under one roof and work tirelessly to  
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't  
have it any other way.
