the story

La Casa de Esperanza is a community-based organization committed to providing opportunities for students to achieve full social and economic participation in society, specifically within the Hispanic community. The La Casa de Esperanza Charter School was developed in 2015 to help bring rigorous curriculum, year-round programming, a safe environment, character education, family involvement, and strategic partnerships to its community.

the project

Architect: Uihlein Wilson Architects
Milwaukee, Wis

Contractor: Stier Construction Inc
Waukesha, Wis

[VIEW PRODUCTS](#) Manual Clutch Shades

Architectural Signage

[VIEW PRODUCTS](#) Phoenix™ Collection

the **results**

A new \$6.5 million, 41,000 sq. ft. educational learning center was built to serve their K-8 students. Inpro was happy to serve the charter school with an array of architectural products to help with the three-story addition. Inpro's Door and Wall Protection, Commercial Window Treatments and Architectural Signage were used to help bring the La Casa de Esperanza Charter School's vision to life.

obsessed with protecting buildings®

How they look. How they function.
And how they protect the health and safety
of the people who use them every day.

That's why we make hundreds of architectural
products all under one roof and work tirelessly to
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't
have it any other way.
