inpro®

the **story**

To recruit top talent to play for Milwaukee's professional basketball team, constructing a training facility to match the high quality atmosphere and attitude of the championship team was crucial. The \$30M two-story building was intended to complement the design of the team's downtown arena only a few blocks away. Ensuring modern elements were backed by quality engineering was important to match the futuristic and state-of-the-art facility.

the project

Architect: Eppstein Uhen Architects
and Populous
Milwaukee, WI
Contractor: JP Cullen
Milwaukee, WI

Inpro® Products Used

An array of products were installed, including:

Commercial Window Treatments

[VIEW PRODUCTS](#)

Roller Shades installed in 2nd
Floor office space, conference
rooms and training offices

Motorized Shades installed
in kitchen, lounge, mezzanine
and lobby areas

the **results**

To parallel the aesthetic of the training facility, Inpro's Commercial Window Treatments added contemporary style to the functionality of privacy and UV protection. Located throughout conference rooms, training offices, kitchen, lounge, mezzanine and lobby areas, the work of Inpro helped to contribute to the success and innovative design of the project.

obsessed with protecting buildings®

How they look. How they function.
And how they protect the health and safety
of the people who use them every day.

That's why we make hundreds of architectural
products all under one roof and work tirelessly to
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't
have it any other way.
