inpro®

the story

Located in Claremont, New Hampshire, Sullivan County Health Care serves as a vital care provider for the region's senior population, offering skilled nursing, long-term care, and rehabilitation services. In designing a new nursing home facility, the county prioritized creating a warm, comforting environment that balances residential charm with long-term durability. Partnering with Inpro, the design team was able to achieve a thoughtful balance of aesthetics and performance that supports both residents and staff.

the project

Architect Firm: Warrenstreet Architects

Contractor: Gaspari

Inpro® Products Used

An array of products were installed, including:

Door and Wall Protection

[VIEW PRODUCTS](#) Palladium® 3D Trim System

[VIEW PRODUCTS](#) 900M Series Handrail

Palladium® 3D Rigid Sheet

900M Series Handrail

the results

A variety of Inpro's wall protection products were installed throughout the facility, bringing both function and design to the forefront. Palladium® 3D Trim, including custom applications on door frames, adds dimensional detailing while protecting high-contact areas. Beadboard installations lend a familiar, residential feel, contributing to the facility's welcoming atmosphere. The addition of Inpro's 900M Series Handrail provides both support and safety for residents navigating the space. Together, these products offer long-lasting protection while contributing to a calming, home-like environment—supporting the wellbeing of residents and staff alike.

obsessed with protecting buildings®

How they look. How they function.
And how they protect the health and safety
of the people who use them every day.

That's why we make hundreds of architectural
products all under one roof and work tirelessly to
make sure you and your buildings succeed.

Yeah, we are obsessed. But we wouldn't
have it any other way.
